REFERENCE LIST

COMPLETED PROJECT AND PROJECT IN PROGRESS

No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
1	2025 - Ongoing	Railway Infrastructure of Montenegro	Railway Infrastructure of Montenegro	Engagement of measuring cart for purposes of geometrical survey for overhead contact lines in sector ETP	Engagement of measuring chart for purposes of geometrical survey for overhead contact lines in sector ETP		39.648,00	
2	2025 - Ongoing	Telefonkabl doo	Serbian Railways Infrastructure a.d.	Modernization and reconstruction of the signal security system and telecommunications with the introduction of a single dispatch center for train traffic management in the Republic of Serbia	Performing a complex of construction and installation works, making anchor foundations, gravity foundations with the production and installation of a set of anchors with fasteners for columns and replacement of existing OCL columns with the transfer of existing OCL equipment, installation of appropriate fasteners and regulation of OCL		392.996,38	
3	2025- Ongoing	AM Constructions doo Ruma	Ministry of Construction, Transport and Infrastructure of the Republic of Serbia	Construction of a railway for passenger traffic from Zemunsko polje to the National Football Stadium in Belgrade	Construction and installation of the OCL for the double-track railway from the Zemunsko polje station to the National Stadium, the construction of the sectioning plant for the Zemunsko polje railway station and remote control of the stable electric traction facilities		5.680.101,95	
4	2025- Ongoing	HŽ Infrastruktura d.o.o. Zagreb, Croatia	HŽ Infrastruktura d.o.o. Zagreb, Croatia	Measurement of geometric parameters overhead contact line with measuring vehicle	Measurement of geometric parameters overhead contact line with measuring vehicle		566.995,10	
5	2025- Ongoing	Joint-stock company Elektroprivreda Srbije, TENT Obrenovac branch	Joint Stock Company Elektroprivreda Srbije, Belgrade	Replacement of 25kV catenary poles	Replacement of 25kV catenary poles	5.891.885,25		
6	2024	China Shandong International Economic and Technical Cooperation Group Ltd.	Serbian Railways Infrastructure a.d.	Brza saobraćajnica Požarevac - Golubac	Izmeštanje i zaštita železničkih instalacija - prilagođenje kontaktne mreže	3.810.994,30		

COMPLETED PROJECT AND PROJECT IN PROGRESS								
No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
7	2024	Serbian Railways Infrastructure a.d.	Serbian Railways Infrastructure a.d.	Sanacija gabaritnih kapija na putnim prelazima	Sanacija gabaritnih kapija na putnim prelazima u nivou na deonici Mala Krsna, Mladenovac, Sremska Mitrovica, Valjevo	4.055.571,00		
8	2024	China Railway International Co.	Serbian Railways Infrastructure a.d.	Centar za daljinsko upravljanje (CDU) Novi Sad	Proširenje SCADA sistema u CDU Novi Sad, deonica Novi Sad - Subotica		92.421,31	
9	2024	Serbian Railways Infrastructure a.d.	Serbian Railways Infrastructure a.d.	Sanacija temelja nosećih konstrukcija i ugradnja novih stubova na delu pruge Mala Krsna - Požarevac	Sanacija temelja nosećih konstrukcija i ugradnja novih stubova na delu pruge Mala Krsna - Požarevac	25.501.720,83		
10	2024- Ongoing	"Standard Invest Group" d.o.o.	Serbian Railways Infrastructure a.d.	Modernization and reconstruction of the system for signal security, connections and telecommunications with the introduction of universal dispatch center for train traffic management in the Republic of Serbia.	Construction and assembly with connecting and commissioning of complete pole substations from the overhead contact lines (STS)		364.888,00	
11	2024	Montop pro d.o.o. Novi Sad	Serbian Railways Infrastructure a.d.	"Modernization and reconstruction of the system for signal security, connections and telecommunications with the establishment of universal dispatching center for train traffic management in the Republic of Serbia, Production of optical cables for aerial guidance along the poles of the overhead contact lines for the railway section Resnik - Valjevo - Požega"	Creation of the anchor loop foundation type "steel anchor" KLX1, which is compatible to the gravity foundation type A5, with the production and installation of a set of anchors with fasteners for poles U8 and U10		414.400,00	
12	2024	Ras Inženjering d.o.o.	Belgrade Waterfront	Execution of works on the Savska Street Project	Reconstruction of the contact network in Savska Street		286.850,00	
13	2024	Railway Infrastructure of Montenegro	Railway Infrastructure of Montenegro	Engagement of measuring cart for purposes of geometrical survey for overhead contact lines in sector ETP	Engagement of measuring chart for purposes of geometrical survey for overhead contact lines in sector ETP		58.608,00	
14	2023- Ongoing	VS Infra Design doo Beograd-Novi Beograd	Serbian Railways Infrastructure a.d.	Reconstruction and modernization of the railway Niš - Dimitrovgrad Section: Prosek (Sićevo) - Dimitrovgrad	Preparation of the technical documentation (IDR - Conceptual solution, PZI - Project for implementation, IDP - Conceptual project/PGD - Project for a building permit and PIO - Project of the constructed facility)		650.728,66	

COMPLETED PROJECT AND PROJECT IN PROGRESS								
No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
15	2023-2024	HŽ Infrastruktura d.o.o. Zagreb, Croatia	HŽ Infrastruktura d.o.o. Zagreb, Croatia	Measurement of geometric parameters overhead contact line with measuring vehicle	Measurement of the geometric characteristics of overhead contact line with measuring cart on the tracks of Rep. Of Croatia		529.824,66	
16	2022	HŽ Infrastruktura d.o.o. Zagreb, Croatia	HŽ Infrastruktura d.o.o. Zagreb, Croatia	Measurement of geometric parameters overhead contact line with measuring vehicle	Measurement of the geometric characteristics of overhead contact line with measuring cart on the tracks of Rep. Of Croatia		119.572,88	
17	2022-Ongoing	Trace Group Hold PLC Ogranak Beograd	Serbian Railways Infrastructure a.d.	Project Design and Construction of the modernization and rehabilitation of the railway section Niš – Brestovac	Carrying out works on the reconstruction and modernization of the contact network on the Niš - Brestovac railway section		2.332.574,79	
18	2021-2022	Karin Komerc MD d.o.o. Veternik	Serbian Railways Infrastructure a.d.	Reconstruction and modernization of the railway section Subotica - Horgoš - state border with Hungary (Szedeg)	The Project is to include reconstruction of a 26.63 km long railway (the length of the railway in the territory of Hungary is 12.6 km, and the total length is 39.23 km) for speeds up to 120 km/h (the substructure will be reconstructed for speeds up to 160 km/h; while the superstructure, together with SS and TT systems and stable electric traction substations, will be reconstructed for speeds up to 120 km/h).	1.962.829.027,21		
19	2021-2022	RZD International	Serbian Railways Infrastructure	Execution of works on the construction of the Stara Pazova - Novi Sad railway line	Delivery, installation, connecting and commissioning: - Overhead contact lines; - Electric power installations - EVP "Indija", PS/PSN "Beška", PS "SREMSKI KARLOVCI" and PS "Indija"; -Local and Remote Management of disconnectors with motor drive - Connection of substation "Indija" to Overhead contact lines; - Pole Substations; - Electrical and energy installations in buildings -External lighting in the stations -Powering telecommunication equipment		29.492.339,91	
20	2021	EUROMARKET LTD DOOEL Skoplje	EUROMARKET LTD DOOEL Skoplje	Measurement of geometric parameters overhead contact line with measuring vehicle	Measurement of the geometric characteristics of overhead contact line with measuring cart on the tracks of JP Railways of the Republic of North Macedonia		31.050,00	

COMPLETED PROJECT AND PROJECT IN PROGRESS								
No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
21	2021	VS Infra Design doo Beograd-Novi Beograd	Serbian Railways Infrastructure a.d.	Preparation of part of the project documentation on the project Reconstruction and modernization of the Subotica-Horgoš-border with Hungary railway (Szegedin)	Contract on the provision of services in the preparation of part of the project documentation for the project Reconstruction and modernization of the railway line Subotica-Horgoš-border with Hungary (Szegedin)	11,168,000.00		
22	2021	Railway Infrastructure of Montenegro	Railway Infrastructure of Montenegro	Engagement of measuring cart for purposes of geometrical survey for overhead contact lines in sector ETP	Engagement of measuring chart for purposes of geometrical survey for overhead contact lines in sector ETP		18.150,00	
23	2020-2022	Ras Inženjering d.o.o.	Belgrade Land Development Public Agency	Execution of works on the construction of the traffic connection Borska-loop "Lasta" (sector1 and sector2) with infrastructure	Works on protection, relocation, and reconstruction of the existing trolleybus and tram contact network	33.050.954,00		
24	2020	Railway Republika Srpska	Railway Republika Srpska	Measurement of geometric parameters overhead contact line with measuring vehicle	Measurement of geometric parameters overhead contact line with measuring vehicle		22.400,00	
25	2019-2022	ELNOS BL	Serbian Railways Infrastructure	Rehabilitation by a general overhaul of the railway section JAJINCI - MALA KRSNA from km. 9+896 to km. 67+800 of (Belgrade) Rakovica – Junction K1 – Jajinci – Mala Krsna – Velika Plana railway line	Construction of the OCL on Jajinci - Mala Krsna sections		438.694,35	
26	2019- Ongoing	COLASRAL	Joint Stock Company for Passenger Railway Transport "Srbija Voz ", Belgrade	Procurement of works modernization of technical passenger station Zemun	Construction of the OCL and power facilities		2.354.869,65	
27	2019- Ongoing	ENERGOPROJEKT	Belgrade Land Development Public Agency	Reconstruction of the tram OCL in the sections of Patriarch Pavle Boulevard	Construction of the OCL and power facilities to reconstruct the tram network	69.264.979,22		
28	2019-2021	Belgrade Land Development Directorate	Belgrade Land Development Public Agency	Reconstruction of trolleybus OCL in function of Dunavska terminus	Construction of the trolleybus OCL with associated power facilities for its power supply at Cvijićeve Street to the Dunavska terminus	346.091.125,98		

COMPLETED PROJECT AND PROJECT IN PROGRESS								
No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
29	2019- 2021	Belgrade Land Development Public Agency	Belgrade Land Development Public Agency	Nemanjina st. Reconstruction of trolleybus OCL	Preparation of technical documentation with works for the OCL in Nemanjina from Knez Milos to Slavia, for the OCL from Depo to Ž. Klemensoa along Gundulicev Street wreaths and to power a correctional station in Cvijiceva Street	54.000.000,00		
30	2019- Ongoing	SRBIJA PUT	Serbian Railways Infrastructure	Reconstruction of infrastructure capacities in the area of the Belgrade station - RANZIRNA for the needs of the container terminal	Reconstruction of the OCL, construction of power facilities, lighting for the needs of the station	119.033.466,97		
31	2019-2020	STRABAG d.o.o Beograd	Ministry of Construction, Transport and Infrastructure of Republic of Serbia.	Construction of a public railway line from the existing Smederevo-Mala Krsna railway line to the bulk and general cargo terminal of the Port of Smederevo, second phase	Electrification of railroad tracks and collisions with electrical installations Construction of power facilities in the function of railway construction	83.915.795,41		
32	2019	STRABAG d.o.o Beograd	Belgrade Land Development Public Agency	Reconstruction of trolleybus OCL - Trg Republike	Reconstruction of trolleybus OCL	22.329.126,68		
33	2019	Railway Infrastructure of Montenegro	Railway Infrastructure of Montenegro	Engagement of measuring cart for purposes of geometrical survey for overhead contact lines in sector ETP	Engagement of measuring chart for purposes of geometrical survey for overhead contact lines in sector ETP		18.150,00	
34	2019	Belgrade Railway Junction Construction Company Ltd	Belgrade Railway Junction Construction Company Ltd	Works on reconstruction of illumination of railway switch areas of the Belgrade center-Prokop railway station	Execution of installation of reflector columns, installation of luminaires, testing, and commissioning of complete illumination of the switching areas of the Belgrade Center-Prokop railway station	4.987.377,60		
35	2019	BAUWESEN	Belgrade Railway Junction Construction Company Ltd	Reconstruction of the OCL center of Belgrade Center station	Reconstruction of existing and installation of new switching equipment for OCL sectioning to improve the functioning of traffic in the Belgrade Center-Prokop railway station.	18.494.712,47		
36	2019	Public Enterprise "Elektroprivreda" Serbia " branch of TENT-TE Kolubara	Public Enterprise "Elektroprivreda" Serbia " branch of TENT-TE Kolubara	Track measurement service for track and OCL	Measuring chart for purposes of geometrical survey for overhead contact lines (2019-2020-2021)	3.008.250,00		

COMPLETED PROJECT AND PROJECT IN PROGRESS								
No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
37	2018 - Ongoing	RZD International	Serbian Railways Infrastructure	Construction of railway Stara Pazova - Novi Sad	Dismantling of the OCL- section Indjija - Novi Sad; Relocation and protection of power and telecommunication lines in the function of construction of the railway Stara Pazova - Novi Sad Delivery and installation of trays.			3.480.288,19
38	2017 - 2018	RZD International	Serbian Railways Infrastructure	Construction of the power supply line of 20kV and three substations 20/0.4 kV	The temporary power supply of substations during the construction of the tunnel "Čortanovci" and viaduct of the railway line Stara Pazova-Novi Sad			591.245,87
39	2017 - 2018	AZD PRAHA s.r.o-DSD	Railway Transport of Montenegro	Heating of the switches in the stations Niksic and Ostrog	Delivery of the pole sub-stations for the execution of the project „Heating of the switches in the stations Niksic and Ostrog”		52.000,00	
40	2017	Elcom d.o.o.	Plaza	Parking Plaza	Electro assembly works on the Parking Plaza management system		13.825,00	
41	2017	D.C. ENERGOCOOP d.o.o.	Serbian Railways Infrastructure	Access to the railway station “Prokop”	Works on reconstruction of the trolleybus overhead contact system line for construction of the roads accessing the railway road “Prokop”	630.147,79		
42	2017	LIDL Serbia	LIDL Serbia	Lidl Access Road	Reconstruction of trolleybus network – access road for Lidl	1.476.000,00		
43	2017	Joint Stock Company for Passenger Railway Transport “Srbija Voz “, Belgrade	Joint Stock Company for Passenger Railway Transport “Srbija Voz “, Belgrade	Works on the relocation of three pre-heating substations for trains with equipment servicing.	Dismantling of three existing transformer pre-heating stations with equipment servicing and their installation at other locations.	3.408.777,81		
44	2017	Public company „Elektroprivreda Srbije”	Public Enterprise "Elektroprivreda" Serbia "	Railway of the TENT branch	Replacement of Contact Network Pillars Based on "Contact Network Pillar Rehabilitation Project"	4.496.420,75		
45	2017 - 2018	AZVI S. A. – Novi Sad branch	Serbian Railways Infrastructure	Construction of Zezelj Brigde across the Danube River in Novi Sad	Setting up equipment for 25kV contact system lines as well as SS and TT		536.322,31	
46	2017 - 2018	China Civil Engineering Construction Corporation – Belgrade branch	Serbian Railways Infrastructure	Railway section junction “G”- Rakovica - Resnik	General overhaul of 25kV contact system lines, energy EVP and PS at the railway section junction “G”- Rakovica - Resnik		816.723,92	
47	2016 - 2017	AŽD Saobraćajni Sistemi	Corridors of Serbia	Road crossing Činiglavci, railway Niš - Dimitrovgrad	Insurance of the road crossing Činiglavci, railway Niš - Dimitrovgrad		43.487,21	

COMPLETED PROJECT AND PROJECT IN PROGRESS								
No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
48	2016	Beooperativa d.o.o.	Belgrade Land Development Public Agency	Execution of construction of the C6 road Lisičiji stream	Execution of construction of the C6 road Lisičiji stream	9.198.598,10		
49	2016 - 2018	Public Transport Company "Belgrade"	Public Transport Company "Belgrade"	Works on cable lying PP44 1x500 mm ² Cu for powering trams and trolleybus contact lines	Laying of PP44 cable 1x500 mm ² Cu for tram and trolley bus OCL	10.651.971,00		
50	2016 - Dec. 2017	Infrastruktura Železnice Srbije (Serbian railway infrastructure)	RZD International	Resnik - Valjevo	Overhaul of railway track Resnik Valjevo (km 0 + 425 - km 78 + 050, length 77,625 km, within railway line (Belgrade) Resnik-Vrhnica - Border with Montenegro (km 0 + 000 - km 287 + 438, length 287,438 km) LOT 1 Contact network			1.799.215,00
51	2016 - 2017	Public Transport Company "Belgrade"	Public Transport Company "Belgrade"	Sava Depot	Overhead contact system lines construction and reconstruction - Tramway	27.599.475,00		
52	2015	TENT Kostolac	Public Enterprise "Elektroprivreda" Serbia "	Thermal power plant Kostolac	Building, delivery, transport, and installation of thermal station 35/6kV, 3MVA	26.471.527,92		
53	2015	JKP Beogradske elektrane (Belgrade power plant)	JKP Beogradske elektrane (Belgrade power plant)	Heating plant Dorćol	Reconstruction and construction of transformer substations 10kV, 6kV and 04	1.644.366,00		
54	2014 - 2015	SZ ZGP	Public Transport Company "Belgrade"	Vojvode Stepe st. and Autokomanda square	Overhead contact systems lines reconstruction		1.651.940,87	
55	2014 - 2016	RŽD International	Serbian Railway	Carrying out works on the contact network for Object No.1 "Second railway track on the section Pančevački bridge - Pančevo Main (km 4+742 - km 19+600, length 14 858 m) within the railway line Belgrade Center - Pančevo Main - Vršac - state the border between Serbia and Romania"	Carrying out works on the contact network for Object No.1 "Second railway track on the section Pančevački bridge - Pančevo Main (km 4+742 - km 19+600, length 14 858 m) within the railway line Belgrade Center - Pančevo Main - Vršac - state the border between Serbia and Romania"			1.183.346,73
56	2014 - 2015	Energoprojekt Oprema	Serbian Railway	Prokop train station (Belgrade new Main central train station)	Overhead contact systems lines reconstruction		338.526,00	
57	2014	Energoprojekt Oprema	RTB Bor	Sulfuric acid factory	Electrical installation work at height - installation of cable racks and cables		6.000,00	
58	2014	PD TE Nikola Tesla "Railway Transport Branch"	PD TE Nikola Tesla "Railway Transport Branch"	Replacement of underground power line cable TS 6/0.4kV at the train station Vreoci	Replacement of underground power line cable TS 6/0.4kV at the train station Vreoci	8.737.475,00		

COMPLETED PROJECT AND PROJECT IN PROGRESS								
No	Year	Customer	Investor	Project	Works/Services Performed	Contract Value RSD	Contract Value EUR	Contract Value USD
59	2014	Belgrade Land Development Public Agency	Belgrade Land Development Public Agency	Design of the tramway project MOST NA ADI	Design of the complete project for the construction of the tram line over the BRIDGE at ADI	8.995.000,00		
60	2014	JKP Beogradske elektrane (Belgrade power plant)	JKP Beogradske elektrane (Belgrade power plant)	Heating plant Dorćol	Reconstruction and construction of transformer substations 10kV, 6kV and 0,4kV	11.189.476,00		
61	2013	PD TE Nikola Tesla "Railway Transport Branch"	PD TE Nikola Tesla "Railway Transport Branch"	Replacement of TS 6 / 0.4kV underground cable at Vreoci train station	Replacement of TS 6 / 0.4kV underground cable at Vreoci train station	1.870.976,58		
62	2013	ITALIANA COSTRUZIONI S.P.A branch Belgrade	Serbian Railway	Reconstruction and modernization of the Gilje – Čuprija – Paraćin rail portion	Work on relocation, and reconstruction of transmission lines 35kV and 10kV		205.937,46	
63	2013	Siemens Belgrade	PD TE Nikola Tesla	Reconstruction EVP Brgule 110/25kV and installation of single-pole vacuum switches 25kV fields P1, P2 and P11	Work on installation of single-pole VAC 25kV switches with a carrier for the switch		8.670,00	
64	2013	MHE Bare DOO Vlasotince	MHE Bare DOO Vlasotince	Small hydropower plant Bare and Krstići	Delivery and construction of the high voltage equipment		103.566,00	
65	2012	Porr Bau GmbH, Belgrade branch	Serbian Railway	Rail overhead contact system lines –bridge "Radnicka" phase I	Overhead contact system lines - reconstruction and relocation		45.357,44	
66	2012	Porr Bau GmbH, Belgrade branch	Serbian Railway	Rail overhead contact system lines –bridge "Radnicka" phase II	Overhead contact system lines - reconstruction and relocation		57.621,86	
67	2012	Porr Bau GmbH, Belgrade branch	Public Transport Company "Belgrade"	Contact system lines on new Belgrade Ada bridge "Radnicka", phase 1	Overhead contact system lines - reconstruction and relocation		56.985,90	
68	2012	Porr Bau GmbH, Belgrade branch	Public Transport Company "Belgrade"	Contact system lines on new Belgrade Ada bridge "Radnicka", phase 2	Overhead contact system lines - reconstruction and relocation		42.954,49	
69	2012	Elektroistok izgradnja	EPS Kolubara	Rectifying station Vreoci	Rectifying station reconstruction 1500 VDC with connector to overhead contact system lines	21.253.287,98		
70	2012	Elektro distribucija Šabac	PD „Elektrosrbija“ d.o.o Kraljevo Elektro distribucija Sabac	TS 35/20kV Koceljeva	Delivery of high voltage equipment (35 kV) for completing the new 35 / 20kV transformer field in the 35 / 20kV TS Koceljeva	5.361.435,58
